

# MARTOL EV 45 CF

*Metalworking*

Extreme pressure vanishing oil.

## UTILISATIONS

- Vanishing oil with extreme-pressure properties for difficult operations on all metals: aluminium, steels and stainless steels sheets.
- Suitable for cutting, pressing, punching operations.

## ADVANTAGES

- Chlorine free product limiting health risks.
- Good wettability.
- Excellent cooling capacity.
- High anti-wear and extreme pressure properties.
- **MARTOL EV 45 CF** lubricity properties enables sliding between the tool and the metal sheet.
- **MARTOL EV 45 CF** leaves a dry light residue on the metal pieces, avoiding degreasing steps. Therefore **MARTOL EV 45 CF** is compatible with inks and paints.

TYPICAL CHARACTERISTICS	METHODS	UNITS	MARTOL EV 45 CF
Appearance	Visual	-	clear
Specific gravity at 15 °C	ASTM D 1298	kg/m <sup>3</sup>	810
Kinematic viscosity at 40°C	ASTM D 7042	mm <sup>2</sup> /s	2.5
Copper corrosion 3h at 50°C	ISO 2160	Cotation	1a
Flash point (PM)	ISO 2719	°C	80

Above characteristics are mean values given as an information.
