

TOTAL HI-PERF GEAR OIL 80W-90

Extreme pressure lubricant specially developed for 4-stroke motorcycle gearboxes

KEY DATA

- MOTO GEAR OIL 80W-90 is particularly recommended for 4-stroke motorcycle manual gearboxes.
- selected mineral oil compounds
- Applications :

TOTAL HI-PERF GEAR OIL 80W-90 is particularly recommended for harsh conditions. Its formula is suitable for 4-stroke motorcycle manual gearboxes.

- INTERNATIONAL STANDARDS

- ✓ API GL5
- ✓ meets the most stringent requirements of the international API standard as required by the 4-stroke motorcycle constructors.

Customer benefits

- ✓ **Good sprocket resistance:** Extreme pressure and anti-wear properties providing good sprocket resistance under high loads and undergoing repeated shock.
- ✓ **Resistance:** High resistance to alteration, ensuring performance stability.
- ✓ **Anti-corrosion:** Anti-corrosion properties for steel and copper.
- ✓ **All temperatures:** Good viscosity index and low pour-point ensuring efficient lubrication at all temperatures.
- ✓ **Protects gaskets:** Neutral for seals.

Characteristics*

Test	Result
Kinematic viscosity at 40°C	144 mm ² /s (Cst)
Kinematic viscosity at 100°C	15 mm ² /s (Cst)
Density at 15°C	0.9
Pour Point	-27 °C

* The characteristics given above are obtained with a standard tolerance threshold during production and may not be considered specifications.

Recommendations for use

Before using the product, the vehicle's maintenance guide should be checked. Oil changes should be carried out in accordance with the manufacturer's recommendations.

The product should not be stored at temperatures over 60°C. It should be kept away from sunlight, intense cold and extreme temperature fluctuations.

If possible, the packaging should not be exposed to the elements. Otherwise, the drums should be laid horizontally in order to avoid any contamination from water and to prevent the product's label from rubbing off.

Health, safety and the environment

Based on the toxicological information available, this product should not cause any adverse health effects, provided it is used for its intended purpose and in accordance with the recommendations laid out in the Safety Data Sheet. This can be obtained on request from your local reseller and is available for consultation at www.quickfds.fr.

This product should not be used for any purposes other than the ones for which it is intended.

When disposing of the product after use, please protect the environment and comply with local regulations.
